Material commitment

The referent undertakes to inform the management body in the event of the need for tools or sawdust.

The referent undertakes to inform the management body in the event of damage.

The management body undertakes to provide the equipment essential to the compost operation or a means of accessing it.

Technical commitment

The referent undertakes to inform the management body in the event of an anomaly in the degradation of the compost or a technical problem with the composter.

The management body undertakes to consult the master composter or to put the latter in contact with the referent, in order to manage technical problems.

Training commitment

The referent undertakes to train at a basic composter guide level, in order to manage permanence and interventions (turning around the compost, obtaining sawdust, removal of compost, etc.).

The referent undertakes to train the users who will manage the permanence and interventions.

The referrer can train other site referrers.

Commitment on duty and interventions

The referent undertakes to manage the times schedule of permanence with the users.

For this, he obtains the email and telephone contacts of users. The referent's email and telephone contacts are known to users.

Email and telephone contacts are only used in the context of permanence, interventions or information around the composter.
